WATER SAVING

Our WCs have a special bowl structure and are specifically designed to flush with both lower (2.5/4 litre) and typical (3/6 litre) water volumes.

By using less water, these water saving WCs benefit you and the environment. All Home Decor standard height wall-hung frames come with dual flush function as standard in both 2.5/4 litre and 3/6 litre options.

SPACE SAVING

A wall-hung WC takes up less room than a conventional WC, and the concealed installation offers flexibility in confined spaces. The range of compact WCs have shorter projection, saving even more space.

RIM-LESS WC pan

RIM-LESS TECHNOLOGY

Offering effortless cleaning and innovative, hygienic design. Home Decor's rimless WC pan eliminates the areas where germs gather and multiply, giving a superior level of hygiene.

WASHBASIN FORMS

Washbasins can be used with a pedestal as well as being wall-hung. Basins suitable for use with a counter top can be fitted in three alternative ways:

FISCHER

A simple, elegant installation system for use with wall-hung WCs. The fixings are hidden from sight by the use of internal ABS sleeves, creating a clean, smooth design.

CHARACTERISTICS

All seats and covers are subjected to a weight test.

All WC pans are subjected to an odor leakage test.

All seats and covers are subjected to an open/close test.

Saves water with only 1 Ltr. of water consumption.

Soft Close Seats & Covers
Soft Closing and silent
Special technology

Requires very little space and provides easy bottom cleaning.

Anti Bacterial Glazed

ECO FRIENDLY MANUFACTURING

Our plants comply with green building norms of the Indian Green Building Council. Various measures undertaken :
